Course Description:

Grammar concepts will be taught by “fixing” or editing the four weekly sentences in their book each class session. Vocabulary and grammar are stressed and reinforced through games. We also have a “GAME DAY REVIEW” most months where they win tickets for our semester-end auction. Homework is approx. 30 minutes weekly. We will complete the book over both semesters. The concepts and language of IEW is also used in the writing classes if your child is ready to tackle both classes together or in alternating years.

IMPORTANT INFORMATION: I send out weekly emails about class information including assignments. PLEASE READ THESE and make sure I have the correct email on file to get those to you.
